Steven

IT Quality Assurance | Software Testing | Application & API Testing

Tangerang City, Banten, Indonesia | 085183088865 | stevenyoe80@gmail.com | stevenyoe.is-a.dev

SUMMARY

Applied Bachelor's graduate (S.Tr.Log.) in E-Commerce Logistics with a GPA of 3.81/4.00 and hands-on experience in Software Quality Assurance and web development. Experienced in manual and functional testing, test scenario and test case execution, defect identification and tracking using Jira, and REST API validation using Postman. Familiar with requirements analysis, SDLC, database validation, and application troubleshooting. Strong analytical thinking, attention to detail, problem-solving, and cross-functional collaboration skills.

PROFESSIONAL EXPERIENCE

PT Global Loyalty Indonesia - Tangerang, Indonesia

Product Operation Intern – Quality Assurance (August 2025 – January 2026)

- Executed manual and functional testing based on test scenarios and test cases for Alfagift mobile application features.
- Reported test results as Success/Failed with supporting testing evidence and re-ran failed test cases after defects were resolved.
- Identified and tracked software defects using Jira and collaborated with developers and product teams for issue resolution.
- Validated REST APIs using Postman and verified application data using DBeaver, MongoDB, and Redis.
- Prepared User Guides for features covered by the assigned test scenarios.

PT Pristine Prima Lestari - Tangerang Regency, Indonesia

IT Intern (March - July 2025)

- Gathered requirements and translated business and operational needs into functional system features.
- Developed and maintained the company website and recruitment portal using Laravel, PHP, and MySQL.
- Managed application activities from requirements analysis and development through testing, deployment coordination, and maintenance.
- Performed application debugging and troubleshooting based on user feedback and operational requirements.

PT Samanasoft Inovasi Persada - Tangerang Regency, Indonesia

Web Development Part-time (June - July 2024)

- Developed and enhanced website features based on client requirements.
- Collaborated with development teams throughout feature implementation and troubleshooting.
- Assisted with feature implementation, troubleshooting, and technical documentation.
