SUMMARY

Highly motivated E-Commerce Logistics graduate from Multimedia Nusantara Polytechnic with a GPA of 3.81/4.00 and hands-on experience in Quality Assurance, IT Operations, and Web Development. Proven ability to lead teams, coordinate cross-functional projects, and solve operational challenges through analytical thinking and structured problem-solving. Experienced in collaborating with technical and non-technical stakeholders while maintaining strong attention to quality, efficiency, and continuous improvement. Passionate about leveraging both business and technology perspectives to optimize operations and deliver impactful results in dynamic environments.

WORKING EXPERIENCE

PT Global Loyalty Indonesia – Tangerang, Indonesia

Product Operation Intern – Quality Assurance (August 2025 – January 2026)

- Executed manual testing for new features of the Alfagift mobile application to ensure product quality and business requirements were met.
- Designed comprehensive test scenarios and test cases based on functional specifications.
- Identified, documented, and tracked software defects using Jira while collaborating closely with developers and product teams.
- Performed API validation using Postman and verified application data through DBeaver, MongoDB, and Redis.
- Prepared user guides and operational documentation to support internal teams and end users.
- Contributed to improving product quality through structured testing and continuous feedback.

PT Pristine Prima Lestari – Tangerang Regency, Indonesia

IT Internship (March - July 2025)

- Developed and maintained the company's website and online recruitment portal.
- Managed the complete Software Development Life Cycle (SDLC), from planning and system design to deployment.
- Designed database architecture and backend logic to support business operations.
- Provided technical support and troubleshooting to ensure smooth daily operational activities.
- Collaborated with different departments to identify requirements and deliver practical digital solutions.

PT Samanasoft Inovasi Persada – Tangerang Regency, Indonesia

Web Development Internship (June - July 2024)

- Developed and enhanced website features according to client requirements.
- Collaborated with development teams throughout feature implementation.
- Produced tutorial materials and documentation to improve user understanding.
